Comfort and Convenience

- Unobstructed entrance for easy ambulatory passenger boarding
- Spacious interior enables easy maneuverability for passengers in large wheelchairs
- Maximum seating flexibility with optional mid-row seat and capacity for multiple wheelchairs
- Comfortable OEM rear bench and full use of cargo bay
- Easy-to-use ramp handle allows ramp deployment without bending, lifting or straining
- Slip resistant and easy to clean commercial grade Altro flooring
- LED floor lighting for ease of wheelchair securement at night
- OEM driver seat with full functionality
- Minimal ramp footprint for flexibility in tight parking conditions

Low Cost of Ownership

- Manual design ensures reliability and low maintenance cost
- Toyota Sienna provides high resale value and low total cost of ownership

Product Features (Available on All Toyota Sienna Models)

- ADA [1], FMVSS and CMVSS compliant with 2″ side rails along with ramp and floor LED illumination providing additional safety and security
- Manual sliding doors
- Full cut lowered floor
- Removable front passenger seat
- Commercial grade Altro flooring
- Three passenger bench seat at rear with folding foot rest[2]
- Step flares
- Belt system for wheelchair securement in multiple locations
- Optional single or dual mid-row passenger folding seat available on the Toyota L

[1]ADA compliance may require dealer upfit. [2]Rear bench will be reduced to 2 passenger when adding mid-row seat.
